Voluntary National Review on Implementation of the 2030 Agenda

Main Messages

Eili Lepik

Strategy Unit

19th May 2020

Implementation and coordination of SDG-s

- No separate implementation plan for SDG-s
- **SDG-s are integrated into governments strategies and development plans**
- **Estonian National Strategy „Estonia 2035“** basis for implementing the SDG-s in strategies and action plans
- **Government Office** as central coordinator
- **Estonian Sustainable Development Commission** (non-government organizations, stakeholders)
- **Inter-ministerial Working Group on Sustainable Development** (ministries and statistics office)

Strategic framework for SD in Estonia

- Sustainable Development Law (1995)
- Estonian Sustainable Development Strategy “Sustainable Estonia 21” (2005)

- Viability of cultural space
- Growth of welfare
- Coherent society
- Ecological balance

- Long term strategy „Estonia 2035“ (2020)
- Sustainable Development Indicators

SUSTAINABLE DEVELOPMENT REPORT 2019

Transformations to achieve the
Sustainable Development Goals

The Indicator Tree

Kuidas meie riigil läheb?

Vastuse sellele küsimusele saab edaspidi igaüks mõne sekundiga. Enam pole vaja tuhnda tabelites ega graafikutes, ei pea tundma poliitikat ega riigi juhtimise aluseid.

Tõetamm on riigi oluliste näitajate moodupuu, mis võrdleb tegelikke tulemusi kolme arengukava põhjal: säästva arengu riiklik strateegia „Säästev Eesti 21”, programm „Eesti 2020” ja Vabariigi Valitsuse tegevusprogramm.

135 mõõdetavat näitajat jagunevad ühiskonna heaolu ja tegevust käsitleva viieteistkümne haru vahel. Rohelised lehed näitavad, et eesmärk on täidetud või püsitakse selle poole liikumisel graafikus. Kollased lehed tähendavad vähest ja punased lehed märkimisväärset mahajäämust oodatavatest tulemustest. See on aus ja erapooletu pilt sellest, kuidas me riigi ja rahvana areneme.

Tõetamme on loonud riigikantselei ja statistikaamet, et muuta riigi eesmärgid rahvale arusaadavamaks, juhtimine läbipaistvamaks ja tulemuspõhisemaks.

 Vabariigi Valitsuse tegevusprogramm

 Eesti 2020

 Säästva arengu riiklik strateegia

Main strengths

- High quality and good accessibility of **education**
- Effective **healthcare organisation**
- High **employment rate** with minimal long-term unemployment
- High share of **renewable energy** in energy consumption
- Quick and extensive **access to public services** through e-services

Main challenges

- Achieving **productivity growth**
- Developing an **energy- and resource efficient** economy, establishing effective **waste management** and recycling
- Lowering **CO₂ emissions** per capita
- Decreasing the **risk of poverty for women and disabled people**, including families with disabled children
- Tackling the **gender pay gap**
- Improving the **health**, including mental health, and decrease the number of preventable deaths
- Preserving **biodiversity**

Possible impacts of COVID-19 pandemic

- Economy
- Employment
- Poverty
- Healthcare
- Life in cities and communities
- Education
- Culture
- Innovation
